

Compliments of the Season

I hope you have all had a good Christmas and, on behalf of the Warrington Liberal Democrat Executive, I'd like to wish you and your family Best Wishes for 2019.

The old saying "we live in interesting times" has never been more true and we all face many challenges in 2019.

At a time like this it is so disappointing to observe the performances of the Leaders of the Tory and Labour Parties, interested only in their petty ideologies and hanging on to their jobs. Constantly hiding behind "Will of the People" but not prepared to put it to the test.

In my opinion they compare so badly with Paddy Ashdown, Charles Kennedy (both so sadly missed) and Nick Clegg, all who put the interests of the Country first.

And locally we already see the Local Labour Party seeing how fast they can deselect their Councillors and we are still 17 months away from the 2020 elections.

Over the coming year (subject to no snap General Election) we will be holding bi monthly gatherings, open to all members, to chat about what you think is wrong with Warrington, what is right and to flesh out our manifesto that we will be fighting on in 2020. Hopefully many of you will be able to attend.

Finally I have detailed your new Committee Officers on this page. Please contact any of us if you'd like to bring anything to our attention or, hopefully to get involved.

And if you get a spare moment have a look at the local Party website - full of lots of National and local updates.

Best Wishes
Dave Crowther
